

Excellent Results For St. John's School

Monday 10th July 2017

Issue 3

Message from the Headteacher

On Tuesday the Government published our End of Key Stage 2 Assessment results, and again we are celebrating some wonderful results. However, our success does not stop there and today I am sharing with you our Whole School data.

I strongly believe that all the creative cross curricular activities we participate in, provide breadth and depth in our learning, which is surely reflected in our results. I would like to thank all the staff for their hard work; for the parents who have worked in partnership with us; for the Governors for supporting our vision and particularly the children who have been amazing and have worked so hard. Please take time to read through the data.
