Class text:

The King of the Copper Mountains

French

Children will be taught French in terms 3, 4 and 5.

More details nearer the time.

Topic

- To locate, using an atlas, the highest peaks in each of the 7 continents; To identify to which mountain range they belong and which countries the ranges are in.
- To consider the achievements of mountaineers such as Sir Edmund Hillary and Tenzing Norgay.
- To begin to understand how the mountain ranges of the world were formed.
- To use geographical language to describe some features of mountain ranges and the climate experienced there.
- To begin to consider similarities and differences between your life and the lives of children living in the a mountain region.
